
Make data table change from newest to oldsest

Posted by regi0912 - 2011/03/26 18:50

What is the code to have a date ascend from newest to oldest

here is what I have

Module Layout

```
{arijdatatable}
```

```
Date
Agent
Carrier
AV
```

```
{formdata}
{/arijdatatable}
```

row Layout

```
{date:value}
{Agent:value}
{carrier:value}
{AV:value}
```

you guys rock !!!

Currently it is impossible to set default sorting for "ARI JDataTable" plugin. This ability will be available in "ARI Smart Content" v. 2.0.

Regards,
ARI Soft
