Hello,

Image Pack, News Pack and DataTable Pack is part of 'ARI Smart Content' component. It contains all plugins from Image Pack, News Pack and DataTable Pack. We have created Image Pack, News Pack and DataTable Pack that customer can buy the component more chepear if he(her) don't need all plugins from 'ARI Smart Content'. In your case the best solution is upgrading to 'ARI Smart Content'.

Regards,
ARI Soft

How update to ARI SmartContent ??

I have buy ARI SmartContent Image Pack at 10.03.2009 and News Pack to day.
