
Change print layout

Posted by Henriques - 2011/12/01 18:10

Hello,

When printing a table , i would like to see the grid of the table or the zebra layout. Is it possible?

Thanks

Hello,

Could you provide more details, what code do you use? What plugin do you use?

Background is not printed because this feature is disabled by default in print page setup. You can read about it [here](#).
