
No 'continue' button

Posted by Arvid - 2009/10/02 20:41

Hello,

in one quiz there is no 'continue' button. It used to be there, but now it is gone. Of course I did some restyling of my site, but the other quizzes are not bothered, and when I use the default Joomla template it has the same result. Can you help me with this?

Hello,

We see 'Verder' button, see attach, please. Maybe you set 'Attempt Count' or 'Lag Time' setting for this quiz on quiz settings page?

Regards,

mmmm, when I login with a 'just' registered username on the front-end the problem is gone.

Could you provide screenshot of settings page for this quiz or provide temporary access to your Joomla! backend by email (info@ari-soft.com) that we can investigate this issue?

Regards,

ARI Soft

Hi,

I just sent you an email with a username and password for the back-end. Thanks in advance!

regards,

Arvid

Hello,

It's problem with 'Lag Time' option in quiz settings. Your version of the component (2.5.3) contains error for working with this option. If you want to use this option, download and install the latest version of the component, please. If not, you can set this option to '0' and all should work fine.

Regards,
ARI Soft
