
Filter Change from Search Box to Calendar Select

Posted by fireman - 2012/08/21 23:22

Hi,

I was hoping there was a way to make the Search Box on the jTable a Calendar selector.

All the data I will use has a date and there will be many days worth. I wanted to Filter by Date using a calendar selector. See images:

This is what I would like:

Hello,

Sorry, but the extension doesn't support this ability.

Regards,
ARI Soft
