
arijflexgrid header does not match column

Posted by jjmm - 2014/11/08 15:48

Hi Ari-Soft,

Can you please give some help with this issue: column header does not match column.

http://www.ari-soft.com/images/fbfiles/images/yyyy_m_d_h_n_s_43o_00.jpg

```
{arijflexgrid resizable="false" showToggleBtn="true" width="500" height="300"}
{arisqltable width="50%"}
{ariconnectionstring .... dbType="mssql"}}{/ariconnectionstring}
{arisqltablequery}EXEC RCT_Web 'BaseInfo'{/arisqltablequery}/{/arisqltable}/{/arijflexgrid}
```

One of the features of arijflexgrid is "Search", so it is in the help. How?

Thank you,
JM

Could you send a link to a page where we can see the problem?

Regards,
ARI Soft
