## cannot find way to get common look for CSV table

Posted by ICARUS - 2010/07/06 11:10

---

Hi there

Some time ago you well assisted me through all my requests in making a fantastic reference table.  
Now I want to apply the same style to another table but cannot find how.

This is the way it should look :

<http://www.icarus-be.com.wilson.priorweb.be/piping-material/reference-list>

This is the table I would like to have the same look :

<http://www.icarus-be.com.wilson.priorweb.be/piping-material/material>

Thanks in advance for helping me out on this one !

Regards

R.

Incredible, I just found it myself.

I have just copy pasted code and have forgotten to change table names. STupid ! :P

Thanks anyhow my friend
