_____

Created a youtube video and was provided with following link:
 http://youtu.be/m6efKRAM_XI
Have smart content sexy lightbox plugin installed.

Link in article: {sexybox yt="m6efKRAM_XI"}Show video from YouTube{/sexybox}
Brings up box - after a while a sad face appears in lightbox.

If I go to youtube and enter the code part, it displays show.
Clicking on above link in posting, it also plays.

wassup?

Hello,

The plugin code is working fine on our test server. Could you send a link to a page where the problem occurs?

Regards,
