

[Solved] ArijDatatable not working

Posted by rscampanero - 2015/10/26 11:56

Hi,

ArijDatatable is not working (spinning wheel keep turning). im using the following code:
{arijdatatable bFilter="1" bSort="1" customPagination="10,25,50,100,150" iDisplayLength="100"} {aricsvtable file="/agent/Active-Agents.csv"} {aricsvtablecolumns} {aricsvtablecolumn id="COMPANY_NAME" alias="Company" headerClassName="company" className="company"} {/aricsvtablecolumn} {aricsvtablecolumn id="PORTFOLIO" alias="Country" headerClassName="fifteen" className="fifteen"} {/aricsvtablecolumn} {aricsvtablecolumn id="AGENT_CERTNO" alias="Certificate No." headerClassName="fifteen" className="fifteen"} {/aricsvtablecolumn} {aricsvtablecolumn id="CONTRACT_ENDDATE" alias="Validity" headerClassName="fifteen" className="fifteen"} {/aricsvtablecolumn} {/aricsvtablecolumns} {/aricsvtable} {/arijdatatable}

If i remove {arijdatatable} my csv file is showing.
Here is my link:

Hello,

The problem occurs because several instances of jQuery library are loaded on the page. Open "Component -> ARI Smart Content -> Plugins -> ARI JQuery Loader" plugin settings page and set "Load jQuery" parameter to "No".

Regards,
ARI Soft

Thanks, it shows already. but how can i set the column of the two table with equally?

<http://osac.edu.sg/services/osac-accredited-agents>

FIRST TABLE:
{arijdatatable bFilter="1" bSort="1" customPagination="10,25,50,100,150" iDisplayLength="100"} {aricsvtable file="/agent/Active-Agents.csv"} {aricsvtablecolumns} {aricsvtablecolumn id="COMPANY_NAME" alias="Company" headerClassName="tcompany" className="tcompany"} {/aricsvtablecolumn} {aricsvtablecolumn id="PORTFOLIO" alias="Country" headerClassName="fifteen" className="fifteen"} {/aricsvtablecolumn} {aricsvtablecolumn id="AGENT_CERTNO" alias="Certificate No." headerClassName="fifteen" className="fifteen"} {/aricsvtablecolumn} {aricsvtablecolumn id="CONTRACT_ENDDATE" alias="Validity" headerClassName="fifteen" className="fifteen"} {/aricsvtablecolumn} {/aricsvtablecolumns} {/aricsvtable} {/arijdatatable}

SECOND TABLE:
{arijdatatable bFilter="1" bSort="1" iDisplayLength="100"} {aricsvtable file="/agent/Terminated-Agents.csv"} {aricsvtablecolumns} {aricsvtablecolumn id="COMPANY_NAME" alias="Company" headerClassName="tcompany" className="tcompany"} {/aricsvtablecolumn} {aricsvtablecolumn id="PORTFOLIO" alias="Country" headerClassName="fifteen" className="fifteen"} {/aricsvtablecolumn} {aricsvtablecolumn id="AGENT_CERTNO" alias="Certificate No." headerClassName="fifteen" className="fifteen"} {/aricsvtablecolumn} {aricsvtablecolumn id="TERMINATION_DATE" alias="Validity" headerClassName="fifteen" className="fifteen"} {/aricsvtablecolumn} {/aricsvtablecolumns} {/aricsvtable} {/arijdatatable}

and the alias of the first column is not working also.

Remove leading spaces in name of " COMPANY_NAME" field in CSV files and use the following plugin code:

```
{arijdatatable bAutoWidth="0" bFilter="1" bSort="1" customPagination="10,25,50,100,150" iDisplayLength="100"}
{aricsvtable file="/agent/Active-Agents.csv"} {aricsvtablecolumns} {aricsvtablecolumn id="COMPANY_NAME"
width="200px" alias="Company" headerClassName="tcompany" className="tcompany"} {/aricsvtablecolumn}
{aricsvtablecolumn id="PORTFOLIO" width="200px" alias="Country" headerClassName="fifteen" className="fifteen"}
{/aricsvtablecolumn} {aricsvtablecolumn id="AGENT_CERTNO" width="90px" alias="Certificate No."
headerClassName="fifteen" className="fifteen"} {/aricsvtablecolumn} {aricsvtablecolumn id="CONTRACT_ENDDATE"
alias="Validity" headerClassName="fifteen" className="fifteen"} {/aricsvtablecolumn} {/aricsvtablecolumns}
{/aricsvtable} {/arijdatatable}
```

SECOND TABLE:

```
{arijdatatable bAutoWidth="0" bFilter="1" bSort="1" iDisplayLength="100"} {aricsvtable file="/agent/Terminated-
Agents.csv"} {aricsvtablecolumns} {aricsvtablecolumn id="COMPANY_NAME" width="200px" alias="Company"
headerClassName="tcompany" className="tcompany"} {/aricsvtablecolumn} {aricsvtablecolumn id="PORTFOLIO"
width="200px" alias="Country" headerClassName="fifteen" className="fifteen"} {/aricsvtablecolumn} {aricsvtablecolumn
id="AGENT_CERTNO" width="90px" alias="Certificate No." headerClassName="fifteen" className="fifteen"}
{/aricsvtablecolumn} {aricsvtablecolumn id="TERMINATION_DATE" alias="Validity" headerClassName="fifteen"
className="fifteen"} {/aricsvtablecolumn} {/aricsvtablecolumns} {/aricsvtable} {/arijdatatable}
```
