
Display with IE/Edge (problem with CSS ?) [Solved]

Posted by jmgroud - 2018/11/19 11:11

Hello

CSS does not seem to work in IE and Edge while everything is OK with Firefox and Chrome :(

My Configuration :

Joomla 3.9.0

PHP : 7.2

Template : software Themler last version

ARI Smart Content : 2.3.1

I have tried all the configurations of ARI Smart Content plugin settings ... no solutions <http://www.ari-soft.com/images/fbfiles/images/Accordeon.jpg>

Hello,

Is it possible to see the problem anywhere?

Regards,
