Test License not working properly

Posted by jhdamico - 2010/11/23 22:36

_____

Hi,
I think I have requested the license key completely wrong, the address I am trying to work with is:
http://localhost/joomla15 beta.

The domain showing up in the Joomla Administration is "localhost".

Can you help to solve this problem?

Thanks in advance.
Regards,

==

_____

Hello,

Generate license key for "localhost" domain and enter it on "License" page on the component backend.

Regards,
ARI Soft
