
Background image or color remove

Posted by acta123 - 2011/01/13 10:06

How do I remove the background image (blue) or color so that it is white only

=====

Hello,

Try the following CSS rules:

```
.yuimenu .yuimenuitem-selected,  
.yuimenu .yuimenuitembar-selected  
{  
    background-color: #FFF !important;  
}
```

Regards,
ARI Soft
