## ARI menu Error in IE6

Posted by gemy - 2011/03/29 13:36

---

i have installed Ari menu on <http://www.ecgegypt.net/test> into to versions English and Arabic, its work will in all browsers, but in IE6 its take long time to appear fine, i have attached an imge for this error,

Please help me to solve this problem if you can [http://www.ari-soft.com/images/fbfiles/images/Menu\\_Error.png](http://www.ari-soft.com/images/fbfiles/images/Menu_Error.png)

Hello,

We can't open provided link. 500 HTTP error occurs.

Regards,  
ARI Soft
