Menu slideouts hidden under content.

Posted by atlanticportal - 2011/08/05 13:16

_____

Ive read and tried most opf the CSS advice that I could find on here with no luck. here is a link to my site with the problem. Advice is appreciated.

_____

Hello,

Add the next CSS rule:

body #sidebar
{
 position: relative;
 z-index: 3000;
}

Regards,
ARI Soft

Hey guys, I'm having the same problem.

Do I add that rule to menu.css?

Best regards,

Ess

_____

Hello,

Open CSS file in any text editor and add necessary code. You can also add it to "CSS Styles" parameter in module settings.

Regards,
ARI Soft
