drop down Menu behind images in articles
Posted by timcsalmon - 2011/08/25 17:59
_____

http://www.mksurveys.com/index.php?option=com_content&view=article&id=80&Itemid=163
menu items go behind the images (services on top menu)
Help appreciated

Hello,

Problem with carousel extension. When it is disabled, the menu works fine.

Regards,
ARI Soft

_____

using Chrome dev tools:

To...

it then works - how do I update this to the css in the module / parameters / css styles ?

_____

You can add the next CSS rule to "CSS Styles" parameter in module settings:

#ariyuimenu_ariyui81_63
{
 z-index: 10 !important;
}

Regards,
ARI Soft

Thank you ARI soft - works fine now :cheer:

I could figure out what was needed but was struggling with the css code !! -

Very quick and professional response.
I would recommend your products A*
