
ARI YUI Menu sub menu page load problem safe mode

Posted by joomir - 2011/09/14 07:38

For solving problem,

replace attachment files:

safe_menu.css
safe_menu_rtl.css

in this folder

mod_ariyuimenu\js\assets\menu\sam http://www.ari-soft.com/images/fbfiles/files/safe_menu.zip
