
center horizontal menu

Posted by yellow_umbrella - 2011/10/04 09:29

Hello,
I am sorry to ask but i don't know how to center horizontal menu after i removed empty spaces. How can i possibly do this?

Hello,
Use the next CSS rule:

```
#headerMenu .moduletable  
{  
  text-align: center;  
}
```

Regards,
ARI Soft
