
submenu drop down

Posted by tamimike - 2011/11/07 19:42

I have installed the menu bar and it is working fine except the sub menus are not dropping down.

Hello,

I have same problem.

After i installed the mod_ariextmenu. i cannot see the sub menu.

it is placed on the left side of my website but when i mouse over it, nothing happens. Maybe you can help?

thanks

Samson

Re:submenu drop down

Posted by samoskill - 2012/01/04 08:22

meanwhile, can i use this menu for a module position?

what i mean is this: i have a module called categories where i created menu but i want to use this mod_ariextmenu instead

Re:submenu drop down

Posted by admin - 2012/01/04 08:25

Sorry, but we can't login with provided credentials. Check it please.

The module works with menu created in Joomla! menu manager.

Regards,
ARI Soft

Re:submenu drop down

Posted by samoskill - 2012/01/05 12:02

Please check again. i just activated it.

=====

Re:submenu drop down

Posted by admin - 2012/01/05 14:12

Add the next CSS rules:

```
div.ux-menu-container ul.ux-menu,
div.ux-menu-container ul.ux-menu-sub
{
padding: 0;
margin: 0;
}
```

```
div.ux-menu-container ul.ux-menu li
{
overflow: visible;
padding: 0;
margin: 0;
}
```

Regards,
ARI Soft

Re:submenu drop down

Posted by samoskill - 2012/01/05 15:40

Thank you very much. It worked but it reduced the size of the menu.

Can i use this style on the categories?

=====

Re:submenu drop down

Posted by admin - 2012/01/05 15:44

To "CSS Styles" parameter in module settings or to a site template CSS file.

Regards,
ARI Soft

Re:submenu drop down

Posted by samoskill - 2012/01/05 15:57

The size half the size now.
thanks

=====

Re:submenu drop down

Posted by admin - 2012/01/05 15:59

Could you explain in more details what do you mean?

Regards,
ARI Soft

=====

Re:submenu drop down

Posted by samoskill - 2012/01/05 16:10

it is half the size (in width) if you look at it now you will see what i mean.

it was 220px wide but now its 110 or less

=====

Re:submenu drop down

Posted by admin - 2012/01/05 16:17

Use the next CSS rules:

#Mod79 .ux-menu LI.ux-menu-item-main

```
{
width: 200px !important;
}
```

```
#ja-left,
#ja-left .ja-col
{
overflow: visible;
}
```

Re:submenu drop down

Posted by samoskill - 2012/01/05 16:50

i included this new code under the previous code.

its still didnt change

=====

Re:submenu drop down

Posted by admin - 2012/01/05 16:51

You included incorrect code. Remove "code" tags.

Regards,
ARI Soft

Re:submenu drop down

Posted by samoskill - 2012/01/05 17:03

wow. it worked.

Thank you very much.

I have a target to design a site that looks exactly like ebay.
Do you take joomla template design project?
if yes, how much will it cost to do just the framework while i complete the rest.

Samson
