Hello,

Add the next CSS rules:

```
.yui-skin-sam
{
text-align: center;
width: 100% !important;
}

.yuimenubar
{
display: inline-block !important;
zoom: 1;
*display: inline !important;
}

LI.yuimenuitem-item109
{
border-right-style: none !important;
}
```

Regards,
ARI Soft
