## Want to make one menu item's text red.

Posted by susan - 2011/11/23 19:28

---

Hello,

I want to make one menu item on this text red. Attached is a screenshot that shows exactly what I want to do. Can anyone tell me how to do this? Thank you. <http://www.ari-soft.com/images/fbfiles/images/screenshot1.jpg>

---

Hello,

Provide a link to a page where we can see the menu.

---

Add the next CSS rule:

```
LI.yui-menu-item895 A.yuimenubaritemlabel
{
  color: red !important;
}
```

---

For example to "CSS Styles" parameter in module settings.
