## problem installation

Posted by tol - 2012/02/21 22:54

---

I downloaded and installed the YUI menu. I made it active and assigned a position, but there has been no change in my menu. I did make the default menu inactive.

What am I missing?

Thanks

Hello,

Provide a link to a page where you try to use the module and screenshot(s) of module settings page.

Regards,  
ARI Soft

Problem solved

I upgraded RokNavMenu with the current version  
Thanks
