## Highlight current menu item not working

Posted by rupesh - 2012/07/20 14:31

---

Hello sir,

Please give me hint on how to Highlight current menu item! i already enbled it from backend!

i'm using joomla 2.5.4 and ARI ariextmenu

see

this:[http://tcsworld.biz/demo/index.php?option=com\\_virtuemart&view=categories&virtuemart\\_category\\_id=0&Itemid=104](http://tcsworld.biz/demo/index.php?option=com_virtuemart&view=categories&virtuemart_category_id=0&Itemid=104)

Thanks for listening!

Rupesh

Hello,

Sorry, we can't help because you use modified version of the module. Contact person who modified the module.

Regards,  
ARI Soft
