
What is the CSS rule to remove one side line?

Posted by DeanV - 2012/07/30 06:27

What is the CSS rules to remove this one side line on the menu?

Thanks!

Hello,

Where we can see the menu?

Regards,
ARI Soft

See the "help" menu on the top right.

Thanks!
Dean

Add the next CSS rule:

```
LI.yuimenuitem-item850
{
border-style: none !important;
}
```
