## CSS Konfiguration

Posted by Ebbo - 2012/10/09 17:22

---

Hello  
I'm working with joomla 1.5.25 and Ari Yui Menu.  
You can see it on [www.grillacademy.de](http://www.grillacademy.de)  
My Question:  
I want to change the blue hoover color, background- and Textcolor. I read a lot Postings in this forum but i don't understand how to change the css.

I tried a lot of in the css-box but nothing changed :S

Hello,

Provide an image where we can see what do you want to achieve.

Regards,  
ARI Soft

---

Add the following CSS rules to "CSS Styles" parameter in module settings:

```
#ariyui67.yui-skin-sam .yuimenu ul
{
    background-color: #444;
}

body #ariyui67.yui-skin-sam UL LI.yuimenuitem-selected,
body #ariyui67.yui-skin-sam UL LI.yuimenuitem-active
{
    background-color: #555;
}
```

Regards,  
ARI Soft
