my submenu don\'t show Posted by lalittas - 2013/07/23 17:14	
Hi Admin	
my website use the ari menu and sub menu was dis http://reg7.pwa.co.th	sappered on page plese help.
Re:my submenu don\'t show Posted by admin - 2013/07/23 17:36	
Hello,	
	page contains javascript errors. The errors are not related to "ARI enu" javascript code. Fix errors and the extension will work fine.
Regards, ARI Soft
