## Need to make gap small left of links

Posted by PTCUK - 2013/10/17 20:38

---

Hi,

The vertical menu is great but there is a bit of a gap to the left of the text/links. Just wondering how i nudge all the links to the left more closer to the edge, i attached an image to show you what i mean

Thanks guys :silly: <http://www.ari-soft.com/images/fbfiles/images/gap.jpg>

Hello,

Could you send a link to a page where we can see the menu?

Hi,

i am in process of setting up or rather copying over from 2.5 to a new joomla 3 so it is a mess and in middle of being set up, but here it is, you can see the menu fine though:

<http://primarytreasurechest.com/NEWONE/index.php/menu-styles>

---

Add the following CSS rule:

```
BODY #ariyui164.yui-skin-sam UL LI A.yuimenuitemlabel
{
padding-left: 5px !important;
}
```

Hi,

Thanks for the help, one question, which file and where? its been a while since i had a nose around these files.

Thanks again.

---

Custom CSS rules can be added to "CSS Styles" parameter in module settings.

Hi,

Got similar sort of question for the right side of the menu, when a submenu is there a little arrow/triangle image appears to show it is a submenu, i do not have much space in my menu and was wondering if there is a way to move the arrow/triangle over to the right a few more pixels so it is up against the side a bit, that will give me room for more text/link, i have attached an image to show you what i mean.

thanks  
again <http://www.ari-soft.com/images/fbfiles/images/MENU.jpg>

hi,

on the test site <http://primarytreasurechest.com/NEWONE/>

on first link on menu 'clasroom org' the arrow just needs to move to the right few pxs, can this be done?

many thanks

Modify \modules\mod\_ariyuimenu\mod\_ariyuimenu\js\assets\menu\sam\menuitem\_submenuindicator.png image.
