Open submenu in left side

Posted by mark75 - 2013/10/23 13:35

_____

Hi all,

I want to use ARI YUI Menu in right column in vertical position from my site. And I don't know how can do for open submenu in left side not in right side. Maybe a CSS style or what?

Thank you,
Mark

_____

Hello,

Set "Submenu alignment" parameter to tr,tl value.

Regards,
ARI Soft
