
How to insert search module into menu

Posted by fgrasso - 2013/11/25 15:51

Hello,
im using the menu here <http://www.collegio.geometri.ge.it>,

i would like insert the search module box ("cerca nel sito...") on the right of last menu voice ("Formazione continua") ?

See image for the desired result.

Thanks for help,

Hello,

This questions is relate to site template, not to "ARI YUI Menu" module.
