
Size of the box.

Posted by macrosru - 2010/06/16 11:12

I am getting text overflow on the submenu boxes. Is there a way to fix it?

<http://ssi-profix-murmansk.ru>

Thanks

Hello,

This problem with your template styles. Add the following CSS rule that fix it:

```
div.module div div div div .yuimenu div
{
    width: auto;
}
```

Regards,
ARI Soft
