## Color Background and Text

Hello,

Thank you for your great module. One of the few that actually do dropup menus without issue.

I am using your module on <http://dancedemo.faa.illinois.edu>

I want to do three things but wasn't sure of the css.

1. Turn the menu bar black
2. Turn the text to white
3. Remove the vertical lines separating the menu items.

Can you help?

Thanks

Hello,

The page doesn't contain "ARI YUI Menu" module.

Regards,  
ARI Soft
