## Menu horizontal alignment

Posted by skyewolf - 2010/07/28 18:11

---

Hi...I'm trying to get the menu to line up with the graphical space for the menu header on the template here  
<http://www.darkmusings.com/>

Little help? :)

Hello,

Add the following CSS rule:

```
#linkbar .moduletable
{
padding: 11px 0 0 190px;
}
```

Regards,  
ARI Soft

Thank you thank you thank you!

one more question. how do I get rid of the submenu indicator down arrows enirely?
