
Background image on hover

Posted by rowby - 2010/08/29 02:11

Hello

I can't figure out why I can't get a background image to show upon hover.

Here's my test page (work in progress).

<http://rowbytesting.com/>

Any thoughts?

Below is the css I put in the module. In my attempts to fix the css I think I have added far too much code!

```
#ariyui53.yui-skin-sam .yuimenuubar {
background:url("js/assets/menu/sam/sprite.png") repeat-x scroll 0 0 transparent;
border:1px solid #808080;
font-size:93%;
line-height:1.6;
margin-left:300px;
}
#ariyui53.yui-skin-sam ul li a.yuimenuubaritemlabel, #ariyui53.yui-skin-sam ul li a.yuimenuubaritemlabel:link, #ariyui53.yui-
skin-sam ul li a.yuimenuubaritemlabel:visited, #ariyui53.yui-skin-sam ul li a.yuimenuubaritemlabel:hover {
border-color:#808080;
border-style:solid;
border-width:1px 0;
color:#000000;
background-image:url("js/assets/menu/sam/hover-01a.png")
background-repeat:repeat-y;
cursor:default;
font-size:93%;
line-height:2;
margin:-1px 0;
padding:0 20px 0 10px;
text-decoration:none;
}

#ariyui53.yui-skin-sam ul li a.yuimenuubaritemlabel, #ariyui53.yui-skin-sam ul li a.yuimenuubaritemlabel:link, #ariyui53.yui-
skin-sam ul li a.yuimenuubaritemlabel:visited, #ariyui53.yui-skin-sam ul li a.yuimenuubaritemlabel:hover {
border-color:#808080;
border-style:solid;
border-width:1px 0;
color:#000000;
cursor:default;
font-size:93%;
line-height:2;
margin:-1px 0;
padding:0 20px 0 10px;
text-decoration:none;
background-image:url("js/assets/menu/sam/hover-01a.png")
}
```

Hello,

Use the following CSS rule:

```
#ariyui53.yui-skin-sam .yuimenuubar ul li.yuimenuubaritem A:hover,  
#ariyui53.yui-skin-sam .yuimenuubar ul li.yuimenuubaritem A.yuimenuubaritemlabel-selected  
{  
  background-image: url("/modules/mod_ariyuimenu/mod_ariyuimenu/js/assets/menu/sam/hover-01a.png");  
}
```

Regards,
ARI Soft

Thanks! That worked great for the hover.

Is there a way so that the non-hover state was just transparent, without any background color so just the existing background graphic shows through. Just the text and the border lines over the below graphic:

<http://rowbytesting.com/images/24-hour-top-nav-03.png>

Use the next CSS rule:

```
#ariyui53.yui-skin-sam .yuimenuubar ul li.yuimenuubaritem A.yuimenuubaritemlabel  
{  
  background: transparent none;  
}
```

Hi

Thanks for helping. Below is the css I am now using in your module. It shows the background image for hove, which is what I want. But it won't show the transparent image for non hover.

<http://rowbytesting.com/>

```
#ariyui53.yui-skin-sam .yuimenuubar ul li.yuimenuubaritem A.yuimenuubaritemlabel  
{  
  background: transparent none;  
}
```

```
#ariyui53.yui-skin-sam .yuimenuubar ul li.yuimenuubaritem A:hover,  
#ariyui53.yui-skin-sam .yuimenuubar ul li.yuimenuubaritem A.yuimenuubaritemlabel-selected  
{  
  background-image: url("/modules/mod_ariyuimenu/mod_ariyuimenu/js/assets/menu/sam/hover-01a.png");  
}
```

Hello,

Add the following CSS rule:

```
body #ariyui53.yui-skin-sam .yuimenuubar
{
  background: transparent none;
}
```

Regards,
ARI Soft
