
How do i center a menu

Posted by jmk - 2010/09/19 09:44

I am sorry to ask this of you, I know everyone else has too and I did try all of the solutions you posted in your forum.

How do I center align the horizontal menu at www.hods.nl/basics I try everting and I don't now where I put the text-align:center;

Thank you!

Hello,

Try the following:

```
#ja-slideshow-top
{
  text-align: center;
}
```

```
#ja-slideshow-top .ux-menu-container
{
  display: inline-block;
}
```

Thx,

That works.

It is simple if you now what you have to do ;-)

Thx.
