## Font Size will not change

Posted by dweaver1 - 2010/09/19 13:19

---

Although parameters 'font weight' 'text transform' & 'menu direction' are working - 'font size' is not working. The website is at <http://www.c7682916.myzen.co.uk>  
What do I need to do ?

Hello,

Set it to '5px' instead of '5'.

Regards,  
ARI Soft
