It has been one of the better drop down menu that I have tried.

I have done up a horizontal top menu. My link is <http://test.vfcliw.org>

I need your advise on the following CSS changes

1. change the back ground color for the menu.

2. remove the border

Thanking you in advance

Hello,

Add the following CSS rules:

```
#ariyui45 .yuimenu li
{
border-top: 1px solid blue;
}
```

---

```
#ariyui45 .yuimenu li.first-of-type
{
border-top-style: none;
}
```
