Hello,

\modules\mod_ariyuimenu\mod_ariyuimenu\js\assets\menu\sam\safe_menu.css if you use "Safe" mode and
\modules\mod_ariyuimenu\mod_ariyuimenu\js\assets\menu\sam\menu.css file in another case.

Hello,

I would like to do the same thing. Here is my site www.vitroglaze.com.au it have been developed using Joomla 1.5

I have inserted the code that you've provided into the CSS but it didn't work, what it did do was shrink the menu bar and take away the bold effect.

Hopefully you can help me.

Thanks in advance :)

Peter.

#ariyui21
{
  text-align: center;
}
```

```
#ariyui21 .bd
{
  display: inline-block;
  *zoom:1;
