Drop down menu not showing in lagtest version Posted by jmarian1 - 2010/11/17 22:32
Hi, I just upgraded the latest version of ARI YUI MENU and somehow, the drop down menu is not showing. Please help

Hello,
Could you provide link where we can see this issue?
Regards, ARI Soft

Hi, thanks for your help. I find the answer. Using this new version, just need to tweak the code in the module parameter/safe mode/no.
