
Problems with horizontal menu

Posted by Camus007 - 2010/12/03 17:56

Hi!

I want to thank for Your marvelous module!
I have a problem with configure of this plugin.
Trying to make vertical meny of 'Oferta'.
First of all - it`s not vertical!
Can You help me?
In my CSS window in module i have only:

```
#topmenu .yui-skin-sam .yuimenubarnav .yuimenubaritemlabel
{
    width: 250px;
}
```

Have a look in my site: <http://reprin.gofreeserve.com>

Greetings
Camus007

Hello,

At first, set "Menu direction" parameter to "Horizontal" in module settings and try solution from this post.

Regards,
ARI Soft
