Download Ari yui menu
Posted by thomaslab - 2011/01/03 19:48

_____

Hi

can't download Ari yui menu? Just getting this message "You can't download the file directly. Visit download page, please, that download the file."

Please help!

/Thomas

_____

Hello,

We have sent the module via email.

PS: You can also try to download the extension in another browser.

Regards,
ARI Soft
