## Menu\'s are behind content

Posted by klaasjanvd - 2011/01/13 14:02

---

On my website [www.bergmanmechanisatie.nl](http://www.bergmanmechanisatie.nl) I have installed the Ari ext under "producten 2" When I do a mouseover the menu's not all menu's are visible. How can I fix this.

Thanks in regard

Hello,

Sorry, but provided page doesn't contain "ARI Ext Menu" module.

Regards,  
ARI Soft

the ari ext module is placed here:  
<http://bergmanmechanisatie.nl/index.php/producten2>

Add the following CSS rules:

```
div.Column1,
.Column1 .Block,
.Column1 .Block .BlockContentBorder
{
    overflow: visible;
}
```

```
div.MainColumn
{
    position: relative;
    z-index: 1;
}
```

```
div.Column1
{
    position: relative;
    z-index: 10;
}
```

---

}
