hello,

at first i want to thank you for this great menu and its fast 1.6 support.

my problem on joomla 1.6 is that i cant arrange the menu items. in the backend of joomla they are organized the right way, but in the frontend they are orded based on their creation date and i wasn't able to find an option to change this - bug?

thanks in advance
sascha

Hello,

Yes, it was a bug, but we fixed it. Download and upgrade the module please.
