## Deleting \"Home\" from the menu

Posted by amanduhb52 - 2011/02/08 21:54

---

Hello!

I'd like to nix the "Home" from my menu. How might I do that?

TheMercurial.com

Thanks!

Hello,

You can delete or disable this menu item in Joomla! menu manager.

The thing is that "Home" is my default page. So I can't delete it or unpublish it.
