
sub menu in linear

Posted by carbonathus - 2010/04/12 18:27

Hello,

It is possible to realize a little modification of the code to present the submenu (even only the level2) in linear position (aligned left) ?

BT

Hello,

'ARI Ext Menu' is free and open source software and you can change it for your needs. Sorry, but we don't have in our plans implementation of feature which you described.

Regards,
ARI Soft
