
Text Shadow

Posted by amiot - 2013/04/11 20:22

When I create a horizontal main menu with an orange background and white text, I see a shadow around the text. Is the shadow created on purpose and can I eliminate it? <http://www.ari-soft.com/images/fbfiles/images/image.png>

Hello,

Where we can see the menu?

Regards,
ARI Soft
