Hello,

I like the Ari Ext menu.. Wonderfull piece of work.

I have a question though..

How do i make a hover image for the #main container ?

and how do i assign an image to hover for all sub menu items ?

<http://www.ari-soft.com/images/fbfiles/images/1-ac1651737b0c1d0bc8266f0e194ac13b.png>

I have the background colors in place with this css:

```
.ux-menu-container
{
padding:7px;
background: transparent url('ny/menuknap.jpg') repeat-x ; !important
z-index:90000;
}
```

```
.ux-menu-link-level-0
{
background: none transparent !important;
border:none !important;
}
```

```
UL.ux-menu-sub A
{
background: transparent
url('/images/cdr-grey-transp.png') repeat !important;
border:none;
}
```

}
```

```

{
padding-top: 17px;

Hello again,

The css you provided worked perfect. Now i have a new problem .. ;)

The code shows perfect in browser Safari on Mac, but looks terrible on Firefox, IE and so on.

This is how it is showed...:

<http://www.znup.dk/tools/image001.png>

I've found that when i remove the following css, the content falls back in place:

```
DIV.ux-menu-container A.ux-menu-link-level-0
{
padding-top: 17px;
padding-bottom: 17px;
}
```

Is there any way i can change that code, or do anything else ?

I Need a little more help...

The menu shows a litte blank space under the mouseover image. How do i fix this ? I tried to change the margin-top and padding-top parameters in the mouseover css, but then the entire site moves to the right.

<http://broadcomm.co.zm/arcticimport.dk/ny/>

Complete CSS:

```
.ux-menu-container
{
width:980px;
margin-left:0px;
height:46px;
padding-top:15px;
background: transparent url('http://www.broadcomm.co.zm/arcticimport.dk/ny/menuknap.jpg') repeat-x ; !important
background-position:left bottom;
z-index:90;
}

.ux-menu-link-level-0
{
background: none transparent !important;
border:none !important;
}
```

```
UL.ux-menu-sub A
{
background: transparent
url('http://broadcomm.co.zm/arcticimport.dk/ny/images/cdr-grey-transp.png') repeat !important;
border:none;
}

#topmenu .ux-menu LI A.ux-menu-link-hover
{
background-image: url(http://broadcomm.co.zm/arcticimport.dk/ny/images/stories/arctic-diverse/menuhover.jpg)
!important;

margin-top:-9px;
padding-top:19px;
}

#topmenu UL.ux-menu-sub LI A:hover
{
background: none #8b8c8f !important;
color:#ffffff;
z-index:900;
}

#topmenu .ux-menu>LI>A:hover
{
background-image: url(http://broadcomm.co.zm/arcticimport.dk/ny/images/stories/arctic-diverse/menuhover.jpg)
!important;
background-position:top;
z-index:900;
margin-top:-9px;
padding-top:19px;
}

DIV.ux-menu-container
{

padding-top: 9px;
}

DIV.ux-menu-container A.ux-menu-link-level-0>.ux-menu-arrow
{

top: 7px;
}

UL.ux-menu SPAN.ux-menu-arrow
{
display: none;
}

Hello,

This is a problem with site template styles and custom CSS styles for the menu. You can use FireBug addon for FireFox browser to investigate the problem.

Okay, figured it out my self. Without the 'Firebug for firefox' :)

The solution was in .ux-menu-link-level-0
I have just inserted a height:18px;

So the complete css is like this..:

```
.ux-menu-container
{
width:980px;
margin-left:0px;
height:46px;
padding-top:15px;
background: transparent url('http://www.broadcomm.co.zm/arcticimport.dk/ny/menuknap.jpg') repeat-x ; !important
background-position:left bottom;
z-index:90;
}
```

```
.ux-menu-link-level-0
{

background: none transparent !important;
border:none !important;
height:18px;
}
```

```
UL.ux-menu-sub A
{
background: transparent
url('http://broadcomm.co.zm/arcticimport.dk/ny/images/cdr-grey-transp.png') repeat !important;
border:none;
}
```

```
#topmenu .ux-menu LI A.ux-menu-link-hover
{
background-image: url(http://broadcomm.co.zm/arcticimport.dk/ny/images/stories/arctic-diverse/menuhover.jpg)
!important;

margin-top:-9px;
padding-top:19px;
}
```

```
#topmenu UL.ux-menu-sub LI A: hover
{
background: none #8b8c8f !important;
color:#ffffff;
z-index:900;

}
```

```
#topmenu .ux-menu>LI>A: hover
{
background-image: url(http://broadcomm.co.zm/arcticimport.dk/ny/images/stories/arctic-diverse/menuhover.jpg)
!important;
background-position:top;
z-index:900;
```

```
margin-top:-9px;
padding-top:19px;
}
```

```
DIV.ux-menu-container
{
```

```
padding-top: 9px;
}
```

```
DIV.ux-menu-container A.ux-menu-link-level-0>.ux-menu-arrow
{
```

```
top: 7px;
}
```

```
UL.ux-menu SPAN.ux-menu-arrow
{
display: none;
}
```

Thanks
