CSS code
Posted by bigcuedaddy - 2013/06/21 17:03

_____

Good day

Can you provide me the CSS code to center the menu across the page, and also to bring the "home" button to the same size as the others?:

http://cbcprineville.org/

thank you so much

_____

Hello,

You can read here how to change menu items width.

Regards,
ARI Soft
