How to change the width of menu bar

Posted by sweetpeem - 2013/07/03 14:13

_____

Hi
I have a problem with the width of the top left menu bar on my site
(this is my site http://bca.ricethailand.go.th/

On the second mainmenu doesnt stretch to the width like above mainmenu
so could you please tell me for a stretch that menu

sorry for my bad english ,this pic will explain for a detail what i need
http://imageupload.co.uk/files/dt2wjb790iuct763nf5b.jpg

I need a Second mainmenu spread out to the right to fullfill a box

thank you

_____

Hello,

You can read here how to change menu items width.

Regards,
ARI Soft
