Sub menu hover not work on IE
Posted by darsha22 - 2013/08/08 08:40

_____

Hi,

I have installed ARI Ext menu on my sit and its hover effect works ok on every browser except on IE. what would be the reason for this or did i went wrong somewhere?

thanks in advance.

_____

Hello,

What IE version do you use and where we can see the problem?

Regards,
ARI Soft
