
Submenu niet zichtbaar

Posted by Ineke - 2013/08/08 19:36

Submenu niet zichtbaar bij
Internet Explorer 10

Versie 10.0.9200.16635
Bij andere browsers wel.

Zie www.pvn.nl

Hello,

This is not "ARI Ext Menu" issue. This problem with site template. If you open browser's error console, you can see a javascript error occurs in /templates/beeze_20/javascript/md_stylechanger.js file and it prevents execution of "ARI Ext Menu" javascript code. Fix the error and the menu will work fine.

Regards,
ARI Soft
