
Padding in menu

Posted by ichabi - 2013/08/23 18:17

Hi,

This is my site; <http://31.186.174.178/~dewaco1q/>

The menu has an enourmous padding, how to remove it, or make it less ?

Thanks in advance

Hello,

This problem with site template styles for default menu.

Provide an image where we can see what do you want to achieve.

Regards,
ARI Soft

Just the menu's closer to eachother, the words.

Add the following CSS rule to "CSS Styles" parameter in module settings:

```
BODY #menu li
{
  margin: 0;
}
```
